

News from Good News For Romania August 2007

31 children and 3 adults had a wonderful holiday in the mountains of Romania again this year, Claudiu said it was a time of real blessing and healing and everyone sends their love and thanks for the opportunity to have this time away from the difficult day to day routine.

The church in Dealu Mare continues to do well with a few new people coming on Sunday's. The Rosca children from the village who GNFR has started to help, have been coming to the church regularly and 3 of the children enjoyed going on the camping holiday too. We just pray that they will feel the Love of Jesus and come to know Him personally.

Claudiu and Ada continue to work with us to help all our families there in Barlad, the summer has been extremely hot so getting about has been hard and farming the land very difficult. Please pray for Claudiu and Ada as they work hard to make life easier for these families even though they are going through difficulties themselves.
