

### **Prayer points for Smithills**

- Re-engaging the congregation, once Church reopens fully. Especially those who have had little or no contact thought this past year.
- Plan for a car park service on Easter Sunday. Logistics and that this will be a blessing to all.
- The launch of Life groups – that this might be done in the most appropriate and effective way to engage with people
- Moving Forward post lockdown, an opportunity for fresh start and new/different people being willing to serve in fresh and new exciting ways
- For the successful move of our new friends Chris and Sheena from the NE into the Smithills neighbourhood. (they have been faced with hurdle after hurdle – please pray that there may be a breakthrough on their move soon).
